

GOVERNOR (1977-1984 : MATHESON) [446]

BUDGET RECORDS, 1976-1985.

4 cu. ft. and 8 microfilm reels

DESCRIPTION: This series contains correspondence, carbon copies, official letters, reports, summaries and receipts all related to the budget needs and spending procedures of the state and the governor's office. This series displays budget information for the state from the time period while also reflecting the cost of government during the Matheson administration. Most correspondence in the series was created by official state agencies and was produced in order to ask for the Governor's aid in procuring funds or extending budgets. Occasionally these requests are met with withdrawals from the Governor's Emergency Fund. Reports and summaries demonstrate spending on both the state and agency levels by fiscal year. Most receipts and carbon copies detail expenditures made by the office of the Governor or by the Governor himself.

ARRANGEMENT: This series is arranged by subject alphabetically, thereunder chronologically. Undated materials are filed at the beginning of topics.

RELATED RECORDS: For more information relating to budget speeches made by Governor Matheson refer to series 4455, MATHESON SPEECHES. For more information associated with the needs and workings of state agencies refer to series 4532 STATE AGENCY CORRESPONDENCE.

PROCESSING NOTE: This series was microfilmed in March 2004. It was processed by James Kichas in February, 2003.

PREFERRED CITATION: Cite the Utah State Archives and Records Service, the creating agency name, the series title, and the series number.
